

## Mission: Good Nutrition

Welcome to the “Mission: Good Nutrition” grocery store. Here you will meet, Arlene, the grocer and her naughty nephew, Billy. Arlene keeps her store stocked with lots of different types of food: fruits, vegetables, dairy, grains, meat, fish and eggs. And she teaches visitors how to shop for healthy, well-balanced meals. Billy, on the other hand, likes to fill shopper’s bags with sweets.

To win “Mission: Good Nutrition”, players must fill their shopping bags with a healthy variety of foods within a limited amount of time. To make food come down the conveyor belt, players must run on the interactive mat. To add food to the shopping bag, players must stomp on the plus sign. And to remove a sweet, players must stomp on the minus sign. The game varies in difficulty based on the player’s age.
